

February 14, 2022

Dear Friends,

We are pleased to announce that Camphill Ghent remains COVID-19 free. Our staff continue to follow all safety precautions in order to protect the well being and safety of all those who live and work in Ghent. We continue to encourage you to visit your loved ones as often as you wish but would like to give a reminder of our safety protocols.

- It is not required that you schedule your visits in advance.
- Should you wish to visit the Hilltop (adult home and assisted living), you must be screened at the front entrance or complete a self screening, including a temperature, check if staff is not present.
- It is not necessary to ring the bell prior to entry.
- We ask that you go straight to your family member's room and not loiter in the hallway or other public spaces.
- If you wish to join your loved one for a meal in our dining room you must be vaccinated and be prepared to show proof of vaccination.
- If you wish to take your loved one on an outing please inform a staff member, sign the release of responsibility in the care office and the social visit form.
- We ask that you continue to follow CDC recommendations regarding how to keep you and your loved one safe from COVID-19 in public settings.
- When visiting within Hilltop, we ask that you wear a mask, regardless of vaccination status.

We thank you for your continued patience, support and cooperation.

Please feel free to contact us should you have any questions.
